

## 4 Weddings And A Funeral

A Man & a Woman in a pub.

MAN

One strange thing - You'll never sleep with anyone else  
- You don't think you'll be unfaithful?

WOMAN

No - not once I'm married. I told Hamash, I'd kill him if  
he does, so I guess I'd better stick to that.

MAN

Quite right.

WOMAN

Anyway, I reckon I've had my fair share of affairs.

MAN

What is a fair amount these days anyway?

WOMAN

I don't know, more than one.

MAN

Well, come on - tell me - I've seen the dress (referring  
to her wedding dress.) We have no secrets.

WOMAN

Well - the first one - of course not easily forgotten -  
kind of nice - two, hairy back, 3, 4, 5 ... 5, 6 - it was on  
my birthday in my parents room.

MAN

Which birthday?

WOMAN

Seventeenth.

MAN

Were you interested at 17?

WOMAN

Well you know, I grew up in the country - we liked  
rolling around in the haystack. Okay 7 - hm. 8

unfortunately quite a shock, 9 - against a fence - very uncomfortable - don't try it.

MAN

I won't.

WOMAN

10 - oh gorgeous - just heaven - just oh - he was wonderful.

MAN

I hate him.

WOMAN

11 after number 10 - very disappointing. 12 thru 17 the "musing" years - sensitive, caring, intelligent boys sexually speaking a real low batch. Uh 18 - broke my heart - tears and yearning. -

MAN

I'm sorry.

WOMAN

20 - oh my God, I can't believe that - 21, elephant tongue! 22 kept falling asleep - that was my first year in England -

MAN

I do apologize.

WOMAN

23 and 24 were together - that was marvelous.

MAN

Seriously.

WOMAN

27, that was a mistake.

MAN

Wait a minute, 27 - you made a mistake? (thinking it might be him.)

WOMAN

Yes he kept screaming - very off putting - I nearly gave up on the whole thing. Spencer changed my mind - that

was 28. 29, 30, ugh! 31 - Oh my God! 32 Lovely - then  
my fiance - that's 33!

MAN

Wow - so I came after your fiance?

WOMAN

No you were 32.

MAN

Oh.

WOMAN

So there you go - less than Madonna more than  
Princess Di, I hope and how about you - how many  
have you slept with?

MAN

Oh I don't know - not quite that many - my, what have I  
been doing with my time - work probably - well, I have  
been working - I've been working late ... A lot ... I wish  
I'd rung you but then you never rang me. You've just  
only slept with me twice and never rang me. (Looks at  
watch) Oh Bullocks! Help me! Please! Please!

(They leave.)
