JONAH

INT. JACK'S TRUCK

Jack and Jonah are driving. Jonah is taking in Jack's truck.

START →

JONAH

You're not gonna believe this but this is my first time in a truck. Once rode in an ambulance after a rollerblading accident -- hit a squirrel- it was dead already - but a...this is some serious...er, hardware...we're riding in, ay Jack?

Jack says nothing.

JONAH (CONT'D)

Tell me, does a truck like this come with the job?

JACK

What do you mean?

JONAH

I don't know. Like do they give you a truck when you sign your contract?

JACK

It doesn't work like that.

JONAH

Right.

(beat)

I guess I just can't imagine actually going into a dealership and saying like..."Think I'd like to buy a truck." Know what I mean?

JACK

I have no idea what you mean.

JONAH

Well, anyway. I Feel like a man in this bad boy. Something about just having the windows down, the flat bed in the back-

JACK

Not a flat bed, Jonah.

[WINKLERS]

1/6

JONAH

Something about the open boxed in area behind us that really appeals to the man in me. America! Country Music! We could be driving up North on a fishing trip, setting up a tent, jumping in a stream... Like Brokeback Mountain. Without the us being gay part.

A voice from the phone: *"Please make a right"*

JONAH (CONT'D)

I think we're close. My app is telling me 3 minutes to our *destinaish*.

(beat)

We're not lost. I know it feels like we're lost but trust me - I got this.

Jack doesn't respond.

JONAH (CONT'D)

See, my app only uses streets you don't have to make a left on. I hate friggin' lefts. Takes a little longer sometimes, but... no friggin' lefts.

JACK

Yup.

JONAH

Haven't landed on a name for the app yet. It's real important. The name. Google paid a guy like millions of dollars to come up with that name.

*"Please make a right in 50 feet..."*

JONAH (CONT'D)

I've been going over and over and over in my head possible names: Drive Like Jonah App? No Left App? Just can't quite put my finger on a the perfect name. It's killing me.

*"You are at your destin-aish."*

JACK

How 'bout The Right Way?

2/6

Jonah takes in the fact that Jack has come up with the perfect name.

JONAH  
I don't know. Might be a little complicated.

He looks out the window.

JONAH (CONT'D)  
I think we're lost.

END #1

# Jonah #2

JACK goes over to a new addition to the house, an old folding chair in the corner, and sits in it.

EMILY

Come on. I just want you to be able to enjoy this, to feel like your house.

JACK

This is how I enjoy it. (pulls tacos out of his pocket and eats) Got some tacos from the roach coach. Here, got one for you, no menudo.

EMILY

This is the world's saddest rebellion.

JACK

I'm sorry- I'm just-- I'm never gonna be comfortable here.

JONAH floats through, in bathrobe and head towel.

JONAH

Relax, man, it's all free.

JACK

Hey, Jonah. How you doing?

JONAH

Phenomenal. Workin' on a new app.

JACK

That's great. You sold the last one?

JONAH

Almost. Then I got a letter from Google saying they didn't need an app that connects people to Google.

4/6

JONAH (CONT'D)

That's them. I know those guys, they gotta control everything. But I got a killer one that points you to the Best Appetizers in the World, called "The APPetizer.

JACK

How about the entrees?

JONAH

Its all here. Bang. Connects you right to Yelp. Look at this: you just click on the Jonah app, it takes you to all the best apps. It's like I'm at a party with you and you ask me to recommend the hottest stuff and then you use it and thank me. Or not, its not about thanks. Then I go a whole other way, right here, check this app: Helps DJ's know when to switch songs.

JACK

Like when the song is over?

Long pause from JONAH. He then reaches for his phone and starts typing. Puts the phone back.

JONAH

Thanks. (quietly) Hey, you know Pop's not around so you can drop the whole "I'm not comfortable here" shtick.

JACK

What?

JONAH

We get it, flannel shirt, tool belt, work with the hands, beer, you're like a Springsteen album. And Pops loves "authentic". But you know, right, in this family, I'm actually, like, the first born male guy.

EMILY

(pulling JACK) And they dropped him many, many times. ~~Here, sit, comfy sofa, yes? Cold beer, yes? Loving, caring, extra-hot wife, yes?~~
