

INT. APARTMENT - LATER

Bea excitedly busts through the front door, tampons and champagne in hand.

BEA

Aditi? Holy shit you're never going to believe who was at the store-

**START** ADITI, 24, who seems totally put together (but it might just be that she's star-of-a-CW-show attractive) comes quickly out of her bedroom.

---

ADITI

Ahhh! You're back! I just got off the phone with my manager and I'm going to be opening for Beach House at the Wiltern tonight!

Aditi lets out a scream. Bea has lost all the excitement she came in with.

BEA

Wow. Congrats. That's amazing.

Aditi wraps Bea in a hug.

ADITI

Free. Drinks. All. Night.

BEA

That's awesome. Um, guess what happened at the store?

ADITI

Someone took their dick out in the parking lot again?

BEA

No. Julian was there.

ADITI

Who? Wait! *Julian-Julian?* College Julian? Hooked-up-Professor-Dunley Julian?

BEA

They didn't hook up. That was a rumor.

ADITI

Damn. She was hot.

BEA

Also a talented artist whom we value for her contributions to society. But mostly hot.

(Beat)

Adi. He hugged me. Twice.

ADITI

(sarcastically)

You guys didn't high five did you?

Bea throws the tampons at her. Aditi screams again. This is serious.

ADITI (CONT'D)

BEA! This is your shot. Time to finally do what you were too scared to do freshman year. Also, sophomore year. And junior year. Bring him to the show tonight!

Aditi does an uncoordinated dance back into her bedroom.

ADITI (CONT'D)

I've got to get ready! I love you!  
This is our year! Despite the current political climate!

INT. BEA'S ROOM - DAY

Bea crawls into a bed filled with, in no particular order, a half empty box of Ritz crackers, a broken high heel, a bottle of DayQuil, and assorted art supplies. Bea digs around for a pen and a pad of paper.

She starts drawing a scene of she and Julian on a date, but she's a tampon. She adds Aditi to the side of the picture singing.

Bea's animated inner voice is sprawled out next to her on the floor smoking an e-cigarette.

INNER VOICE

Good thing you became friends with Aditi before she became 100 times more successful than you, am I right?

BEA

Gonna to be weird seeing her on such a big stage. She used to be the weird girl who sang Hall & Oates songs to the cafeteria staff.
