SETH (O.C.)

One skinny vanilla latte with whip.

Kitty looks up to discover SETH, 27, a slightly nerdy, but very cute barista holding out a coffee.

KITTY

Thanks, I would have gotten it.

SETH

Is it your birthday or something?

KITTY

No. Why?

SETH

You've been coming in the last few weeks, and every morning you order a skinny vanilla latte. Then today, out of nowhere... whip. I thought it might be a special occasion.

KITTY

I don't know... I guess I wanted to try something new.

SETH

(seeing her book)
Presidential Politics: Past, Present & Future. Sounds... political.

KITTY

Well, I'm teaching a seminar in Government and Politics. Tomorrow's my first day.

SETH

I'm more into fiction myself. I guess I'd rather read an interesting story than a true one.

KITTY

Why can't it be both? President Taft got stuck in the White House bathtub. They had to pry him out with a board.

SETH

That's all you got?

KITTY

Warren Harding had sex in a White House closet with a woman thirty years his junior. When he died from Ptomaine poisoning, rumors had it his wife murdered him.

SETH

Not bad.

(sitting next to her)

So, if you had to choose, of all our presidents, which one would you have slept with?

KITTY

(a bit shocked)

Excuse me? Which one would you have slept with?

SETH

None. But there hasn't been a female president yet, so...

KITTY

Well... That answers a lot of questions.

SETH

(getting up)

You can decide later.

KITTY

Lincoln.

SETH

Really? Interesting. Why?

KITTY

After all, they did name a bedroom after him.

(her cell phone ringing)

That's my phone.

SETH

Enjoy your whip. I'm Seth, by the way.

KITTY

Kitty.

(answering it)

Hi.
